## SILVER GOBLET FOR THE ORATORS

Boyd Park Presents the Y. M. M. I. A. With a Handsome Trophy.

LASTING FAME FOR YOUTHS

Each Year the Winner of the Oratorical Contest Will Have H.s Name luxeribed on the Cap.

The officers of the Mutual Improvement Arsociations now have an elegant sterling sliver loving cup upon which they will have inscribed the names of their champion orators. This splendid trophy has been presented to the association by Boyd Park, the well known leweler of this city, and is in every sense of the word an elegant piece of plate. The cup, which is furmished with three handles after the approved style stands upon a small pedestal which greatly enhances its appearance. It is the intention of the conor that this trophy is to remain the purperty of the association and that as each year goes by the name of the winner of the oratorical contest shall be inscribed upon it. It is needless to say that the inter-est in the contests will be greatly in-

creased by this gift and the district contests to be held on Tuesday evening will be largely attended by the friends and partisans of the various champions vill compete. On that evening the ward meetings of young men as well as young ladies associations will be closed. The oratorical contest of the Mutual Improvement Associations held last spring was so successful, and such in-terest is now being shown in the one now in progress, that the officers of the

associations feel assured that the con-test has come to stay, and one will be held each year. So great is the inter-est shown in the city and so excellent are the results of the contest here that the future may find the final contest not a Stake or county, but a state affair,
in the contest every winner will hold
the championship until he misses a
contest or is defeated by another canoldate for the honor of having his name
inscribed upon the cup. The cup will
remain in the keeping of the association until as many tames are placed

remain in the Reeping of the associa-tion until as many names are placed upon it as there is room for. After this is done the cup will be carefully kept in the home the Mutuals will have by that time, as a souvenir and record of M. I. work in public speaking. It will be interesting to members of the assoclations to see what becomes of these orators and how much they accomplish in their lives. It is well understood that an honor, as the inscribing of a name upon a cup creates very much more interest than personal gifts can. It is for this reason, perhaps, that such active and general interest is being taken in this coming event. The honor of having been the first name to be inscribed upon the trophy will be scribed upon the trophy will be eager-The ward contests were held in the

The final contest, the one in which the winners in the districts will meet, the contest which will decide whose name will be placed on the cup first, will be held in the Assembly Hall, June 1. Saturday evening, commencing at eight o'clock. It is anticipated that this will be one of the many attrac-tive features of the coming Young Men's conference.

The work will probably be completed next winter. The work thus far done includes 1,200 feet of dam and a 300-foot tunnel, which has been concreted and cemented for the entire distance. #### PRISONER RAN.

Deputy Sheriff John Shea Has an Exciting Race.

Deputy Sheriff John Shea indulged in an involutary foot race this afternoon at 3 o'clock while engaged in taking a prisoner named John Flaherty from Justice Timmony's court to the county jail. While crossing East Temple street at the intersection of First South, Flaherty made a temporarily successful break for liberty and dived through a crowd hot-footed. The officer lost no time in taking up the chal-lenge. For two long blocks west the two men ran, Shea threaten ing to shoot but afraid to do so on acthe street. The fellow finally dived into an alley between First and Second West, and then Shea, reinforced by a big crowd, collared his man. Flaherty siezed a piece of wood and threatened the officer with annihilation, but subsequently became very docile when a gun was flashed in his face. He was subsequently safely locked up. Flaherty had just been bound over to appear before the district court on a charge of a crime against nature.
